01 INTRODUCTION

WHAT'S THE PURPOSE OF A STYLE GUIDE?

A consistent brand is important for companies to appear trustworthy and authentic. This style guide has been authored to guarantee the correct and consistent treatment of design elements and corporate identity.

When producing documents for The Imaging Source, in the context of astronomy, you are kindly requested to follow it exactly.

02 LOGO

LOGO STRUCTURE

The Imaging Source logo consists of **three elements**:

S SYMBOL WORD MARK SUBLINE

In certain cases, the S symbol may be used without the rest of the corporate logo.

02 LOGO COLOR TYPES

There are different types of **The Imaging Source Astronomy Cameras** logo:

**Two colors & four colors,
positive**

For white backgrounds

**Greyscales, black 100% & 80%,
positive**

For white backgrounds

**Two colors, white 100% &
black 30%**

For black & grey backgrounds

**Three colors, blue 100% & white
100% & black 75%**

For black and grey backgrounds

Two colors, black & white

For blue backgrounds

Plain, white 100% & 50%

For blue backgrounds

02 LOGO DIMENSIONS

The **minimum size** of the logo is **62 mm**.

Smaller dimensions are prohibited.

The maximum scale of the logo is dependent upon the size of the surrounding design elements. The following pages offer guidance on adequate proportioning.

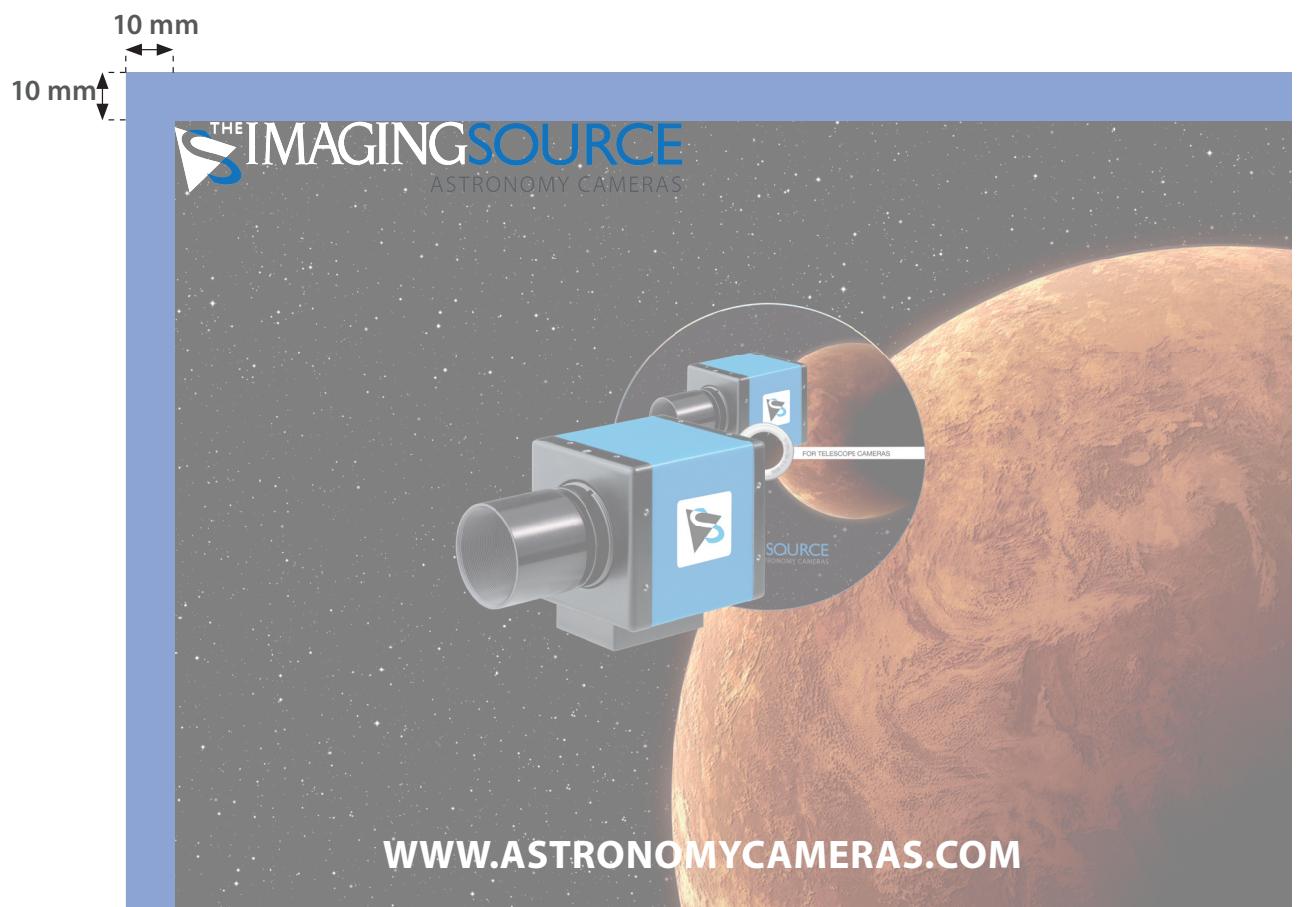

Between logo and other design elements the **minimum space** must be **50 % of the height of the logo**.

02 LOGO PLACEMENT

There are no firm rules for the logo placement. With this in mind, please take a look at the **following advertising examples**.

The **minimum space** between the logo and the **top margin** is **10 mm**.
Except for **extremely small formats**, which are permitted to come as close as **5 mm** to the upper edge.

02 LOGO

PLEASE NOTE

It is prohibited to **compress, stretch, flip** or **distort** the logo in any way!

The logo may not be placed in a box. Use the special logo for cases, in which it should appear on a dark background.

04 FONT

CORPORATE FONT

The corporate font of The Imaging Source for web and print media is **Myriad Pro**, font color **80% black**. For black backgrounds you use **100% white**.

This font should be used for main copy and all business correspondences. The font's different type faces should be used to structure long paragraphs. They can be easily read in print and on the screen.

This is a caption

The company name **The Imaging Source** should **always** be set in **Myriad Pro Bold**. The type size is dependent upon the surrounding text.

Please **avoid character returns within** the **company name**.

04 FONT

SIMPLIFIED CHINESE

The Imaging Source's **corporate font in China** for print and web media is **DFHeiGB Std**. This font, set at **80% black**, should be used for main copy and all business correspondences.

For promotional material such as posters, advertisements and banners DFHeiGB Std is used as a **display font**, typeface **W7**. Font color and alignment are adapted to the western layout.

DFHeiGB Std W7

机器视觉产品德国制造

DFHeiGB Std W3:

机器视觉产品德国制造

04 FONT

TRADITIONAL CHINESE

The Imaging Source's **corporate font** in **Hongkong, Singapore** and **Taiwan** for print and web media is **STHeitiSet** at **80% black**.
This font should be used for main copy and all business correspondences.
For promotional material as posters, advertisements and banners
DFHeiGB Std is used as a **display font**, typeface **regular**. Font color and alignment are adapted to the western layout.

STHeiti Regular
机器视觉产品德国制造

STHeiti Light
机器视觉产品德国制造

04 FONT

SPECIAL CASE ASIA

When using western font design the font **Myriad Pro** should be used (e.g. Arabian numerals); the same applies for the **internet address** of The Imaging Source Astronomy cameras.

05 DESIGN OVERVIEW

This page presents an overview of all design elements.
More details can be found on the following pages.

For all advertisements and corresponding promotional material there are certain guidelines to arrange design elements.
The following examples in this style guide illustrate the basics.

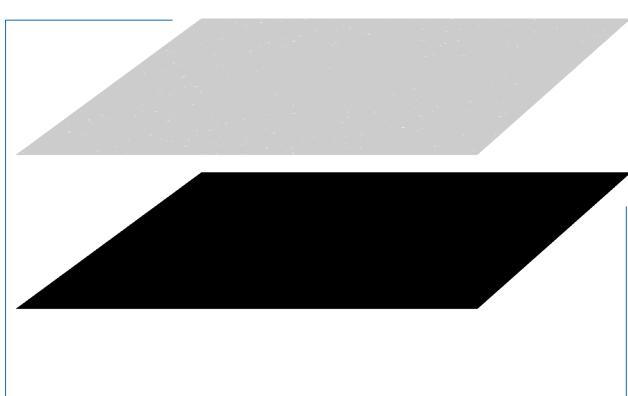

05 DESIGN

BACKGROUND IMAGE

The background image exists as a high resolution image so it can be scaled for small or large advertising material. Please fill the **complete background** with the image.

The background image consists of the following parts:

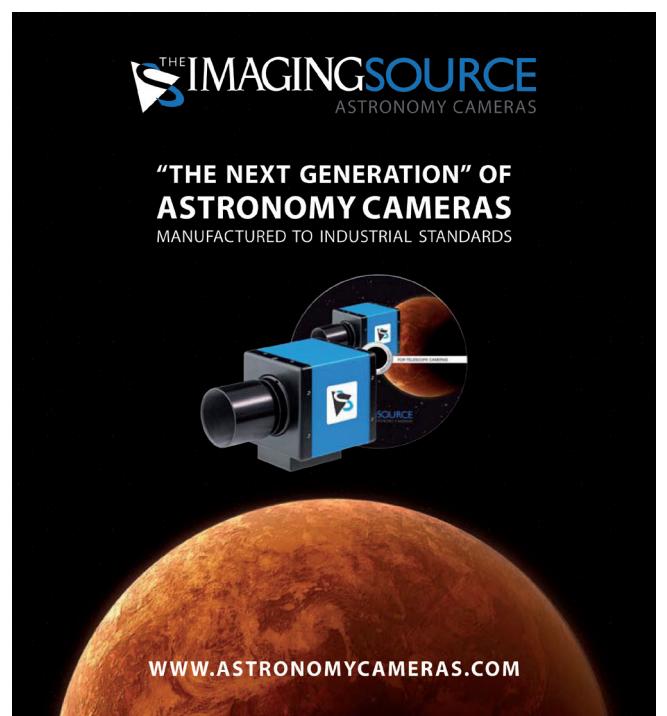

Space.jpg

Transparency: 20%

Black area

Black 100%

Transparency 100%

05 DESIGN PLANET

The Planet is the consistent image for **THE IMAGING SOURCE ASTRONOMY CAMERAS** and should always be placed in the **lower part** of the advertising material or **in the center**. It is possible to set it on the left, right or in the middle of the format.

THE IMAGING SOURCE
ASTRONOMY CAMERAS

**"THE NEXT GENERATION" OF
ASTRONOMY CAMERAS**
MANUFACTURED TO INDUSTRIAL STANDARDS

WWW.ASTRONOMYCAMERAS.COM

05 DESIGN

HEADLINE & SUBHEADLINE

A super headline can be used for advertisements, posters and banners.
This should be set in the font **Myriad Pro Bold** in **white** and **upper case**.
Die **Headline** can be combined with a **subheadline** which is always set
in white and **Myriad Pro Regular**.

Myriad Pro Bold

ABCDEFGHIJKLMNPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
123456789 !“\$%&/()=?`;:_,-

Myriad Pro Regular

ABCDEFGHIJKLMNPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
123456789 !“\$%&/()=?`;:_,-

Headline _____
Subheadline _____

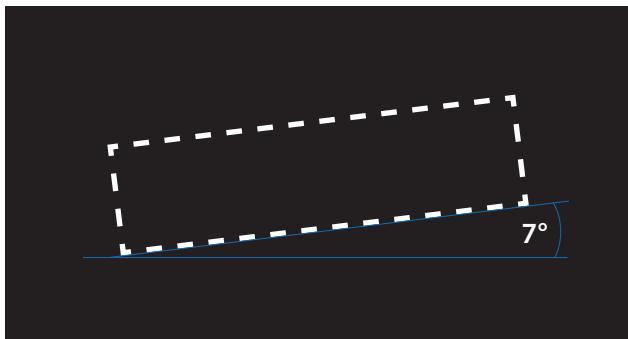

05 DESIGN

STAMP

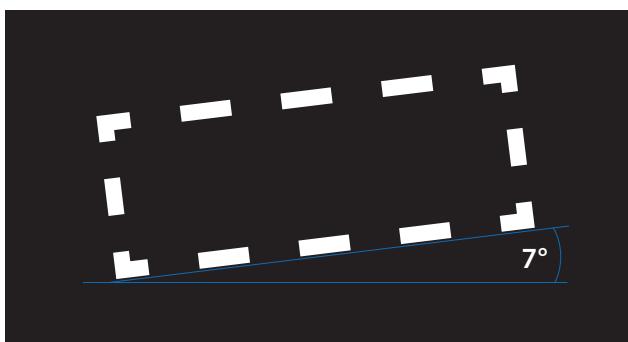

The **stamp** can be used as a teaser to highlight certain messages. It consists of a **squared, dashed outline in white** with a **rotation of 7°**.

Line width and **line lenght** should be placed in the **ratio 1:3**.
(Example 1 & 2)

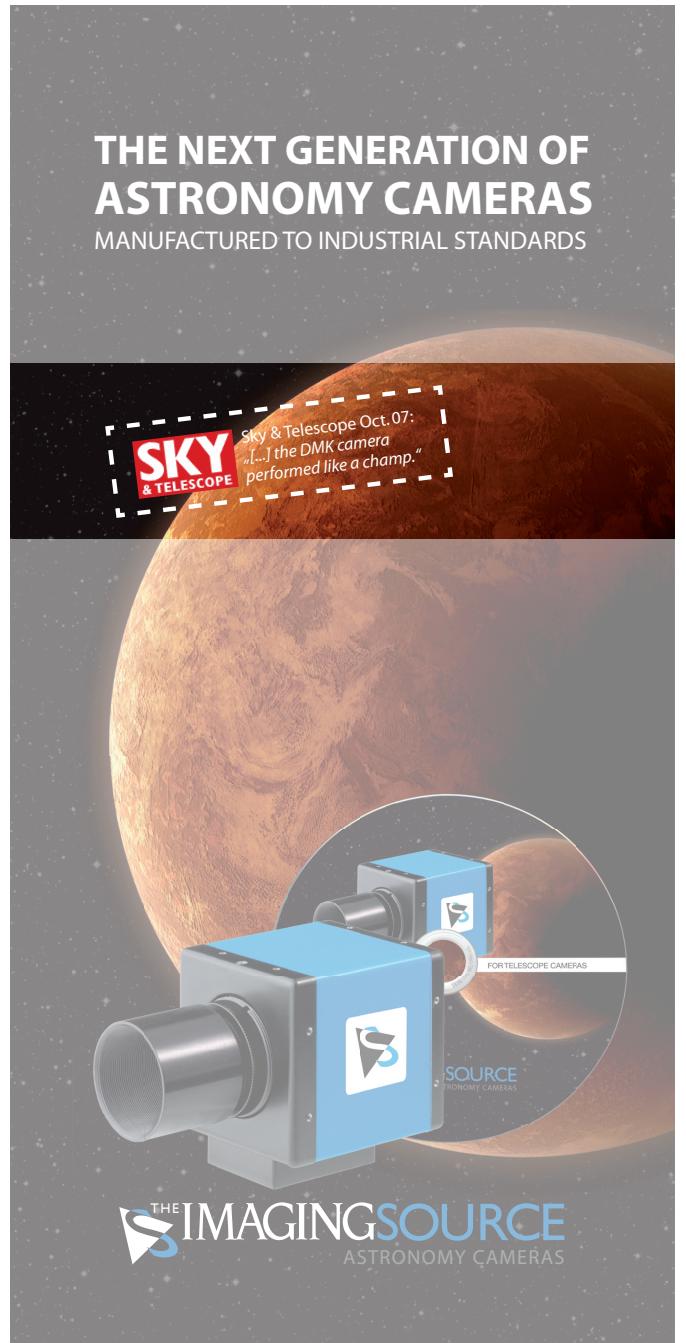

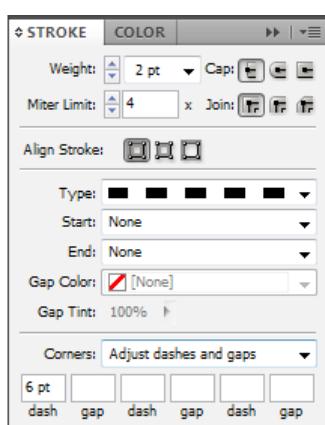

Example 1

Line width: 2 Pt, line length & spacing: 6 Pt

Example 2

Line width: 6 Pt, line length & spacing: 18 Pt

05 DESIGN

RED TEASER

The **red Teaser** can be used to highlight special messages or slogans.
The font is always **Myriad Pro Bold** in **white**.

RED TEASER

Red

CMYK 15/100/100/0

RGB 205/7/30

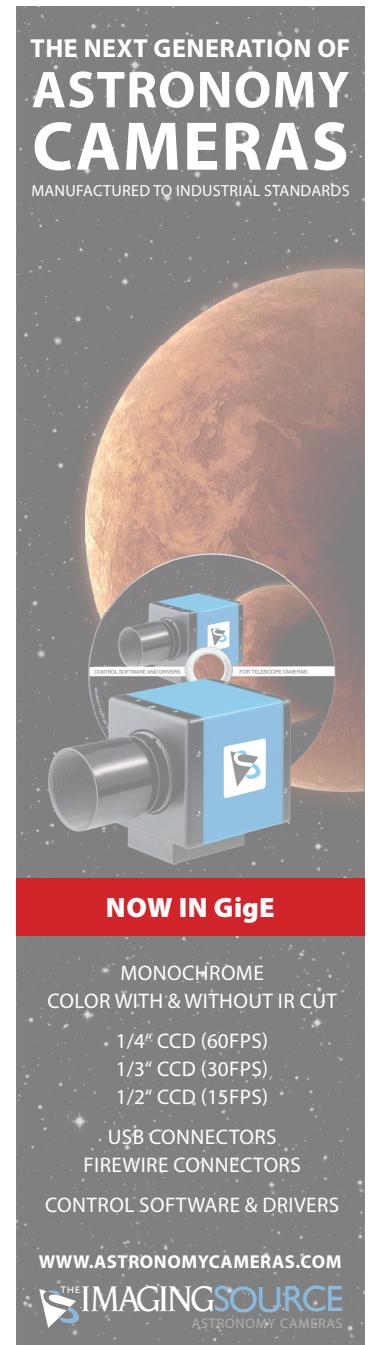

HEX #CD071E

Myriad Pro Bold

ABCDEFGHIJKLMNPQRSTUVWXYZ

abcdefghijklmnpqrstuvwxyz

123456789 !“§\$%&/()=?`;_,.-

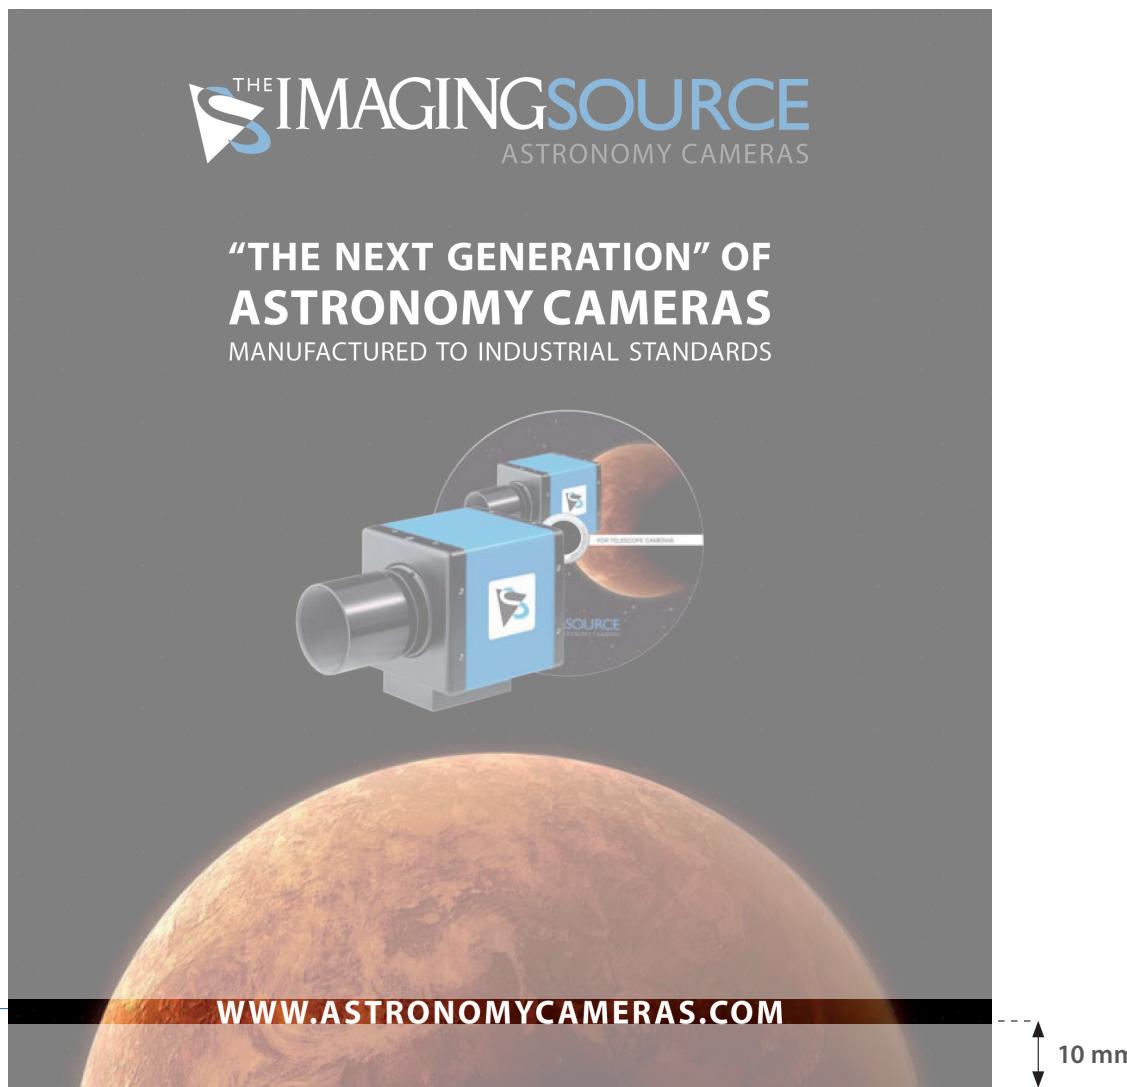

05 DESIGN

INTERNET ADDRESS

The **Internet address** is always set in **Myriad Pro Bold, upper case** with a **font color of 100 % white**.

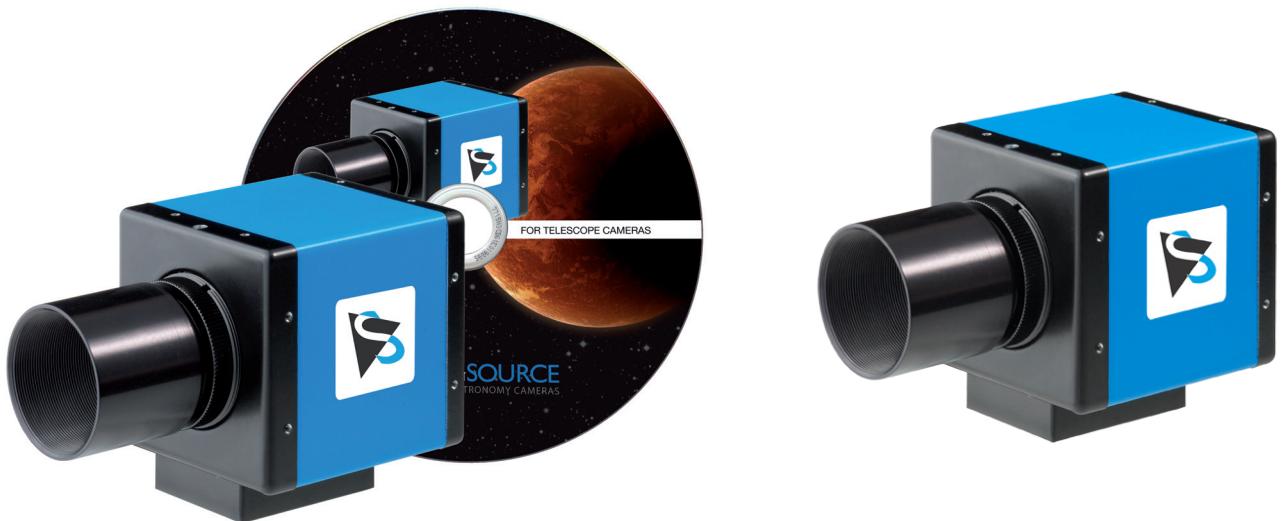

The **minimum space** to the lower edge is **10 mm**.

05 DESIGN

IMAGE

The essential part of advertisements and posters is the **image**, usually a **product photo**.

06 APPLICATION

LETTERHEAD & BUSINESS CARDS

To ensure a consistent corporate image, all business correspondence should be printed on **The Imaging Source** letterhead. Business cards should follow the examples below.

Vorderseite

Rückseite

06 APPLICATION

ADVERTISING EXAMPLES

The advertisement features a large, detailed image of Earth in the background. In the foreground, a professional-grade astronomy camera is shown from a three-quarter perspective. The camera is dark grey with a prominent black lens on the left and a white label on the right that reads "FOR TELESCOPE CAMERAS" and "THE IMAGING SOURCE". The company's logo, a stylized 'S' inside a triangle, is visible on both the camera body and the label. The overall aesthetic is clean and technical, emphasizing the product's quality and purpose.

06 APPLICATION FOLDER

The folder is divided into three panels:

- Left Panel:** Features a large image of the Sun and several smaller images of celestial bodies (Jupiter, Mars, Venus, Moon, and galaxies) with names like Bernhard Christ, Christopher Go, Dr. Joseph M. Zawodny, Dominique Delrick, Shevill Mathers, Marco Sellini, and Timothy Hartline.
- Top Right Panel:** Headlined "THE NEXT GENERATION OF ASTRONOMY CAMERAS MANUFACTURED TO INDUSTRIAL STANDARDS". It includes a quote from "SKY & TELESCOPE" magazine: "...if the DMK camera performed like a champ." It shows a blue astronomical camera mounted on a telescope.
- Bottom Right Panel:** Headlined "THE SOURCE ASTRONOMY CAMERAS". It features a close-up of a camera lens and the text "SOURCE ASTRONOMY CAMERAS".

Text on the right side of the left panel:
